

INSTITUTIONAL DISTINCTIVENESS

The 'USP' of G.V.M. Girls College, Sonipat is 'progressive outlook', innovative approach and a liberal attitude towards empowering girl students. The college aims to create environment and resources for gen next in ideas and substance. The students from all stratas of society find a congenial atmosphere in the college to grow and broaden their horizons. The students are encouraged to keep themselves politically, socially and globally aware. It being a girls college, the vision of the institution is to strengthen and empower the students to take on the world with all its complexities when they leave the precincts of the college.

To materialize this objective, a number of academic and cultural activities are taken up. The college has received accolades and glory in academics, literary and cultural activities by setting records in winning trophies continuously for almost a decade, achieving hat-tricks after hat-tricks.

The institute stands apart because of the academic and cultural excellence. The cultural environment of the college is highlighted by its natural environment with greenery and flowers all around which speaks of the institute's awareness about protecting and preserving our environment. The teachers and mentors are concerned about the physical and emotional health of their students and have been in touch with them online during pandemic.
